

GYM AND BARN BURN AT EASTERN NORMAL

Two Fires of Unknown Origin Entail Loss of \$15,000.00 With Little Insurance

Two fires of unknown origin within three hours Saturday morning totally destroyed the old gymnasium building and a barn entailing an estimated loss of between \$12,000 and \$15,000 at Eastern Normal. The barn, which caused the first alarm to be sent in shortly before 1 o'clock, contained an automobile and about 30 chickens, property of President T. J. Coates, of the institution. The gymnasium, which had just received a new coat of paint and hardwood floor, was burned at 3:30 o'clock, together with a piano and most of the athletic paraphernalia. There was blanket insurance on both buildings, but this will not begin to cover the loss.

The first fire, that of the barn, was responded to promptly by city firemen and the truck, in charge of Mose Nelson, was soon upon the scene. The building seemed to be afire on all sides, and there was but little chance of saving it, being a frame structure, although a line of hose was immediately laid. A portion of the lower part of the structural work was saved. However, the building represents a total loss.

There has been no fire about the building at any time, as far as is known. The trip by the firemen was made thru a drizzling rain. There was a straw or feed in the building and a quantity of goods stored there some time ago had recently been moved.

Soon after the return of the firemen to the city at 2 o'clock, and most of them had reached their homes and retired, a second alarm was sent in, from a nearby residence. The call was answered and it was found that the large gymnasium building, known as the "old gym," was in flames. Fire seemed to be issuing from various portions of the building. When one portion of the lower part of the structure had been burned, one side of the upper part had also been consumed.

For the first time in its history the city fire truck pumped from two lines of hose, both lines being played upon the fire, and while there was an ample pressure and a good supply of water, little headway could be made, owing to the immensity of the building, which was frame. The firemen worked until daylight but were unable to save even a portion of it, or even enter it for the purpose of removing any of the contents. Besides much of the athletic apparatus, there was a piano burned. Much of the athletic equipment together with considerable furniture had been removed from the building some time ago, for the purpose of having the building improved. The work of placing a hardwood floor had been completed but a short time. This is said to have represented an expenditure of \$500. Workmen had been busy engaged during the past two weeks painting the exterior of the building, preparatory to having further decorating done by Reed Judd. The latter had his tools at another building on the grounds, and was to have started work within a day or two. The ladders and scaffolds used by the workmen who applied the first coat of paint, however, were burned.

It is estimated that the loss as a result of the burning of the gym will be about \$12,000. Supt. Robt. Ramsey, of the properties and grounds, was one of the first upon the scene, and stated, as did others connected with the institution that the origin of the fires was unknown. President Coates, of the school, who was also present, admitted the origin was a mystery, since there had been no fire whatever in the barn and none in the gymnasium building for the past six months.

It is not as yet been decided whether the gym building will be replaced this year, since there is another and smaller gymnasium in the manual training school, however, this would not be adequate.

The second alarm, coming as it did so closely upon the first, caused considerable excitement among residents in the vicinity of the Normal, and there was a large attendance at the second fire, the rain having ceased falling. It is said this is the fifth time the gym building has been the cause of fire alarms being sent in within a period of 18 months. It was one of the oldest buildings there and had been in use since the establishment of the school. It was provided with a spacious gallery and was conceded to be one of the most practical buildings for the purpose in the state, although not as extensive as some. It was built along older lines and the extra provision made for gallery accommodations, etc. The material, which was principally of wood represented some of the best timber to be found anywhere. That there could have been an electrical connection is out of the question, since the electric current had been cut off from the building at the close of the school period some time ago.

Reports are persistent to the effect that the fires were of incendiary origin. A mysterious automobile is said to have been maneuvering in the vicinity of the building previous to the first fire, and after the departure of the firemen and before the second fire was reported, the same machine is said to have been seen in the vicinity. However, when it comes to speaking for publication, the informant "don't exactly know," but it is "believed this is the case." However, there are expressions to the effect that the two fires, taking place as they did, each of unknown origin, are admittedly puzzling.

PREDICTS DECLINE IN PRICES OF TOBACCO

Resumption of the tobacco production and trade in Europe, unfavorable foreign exchange rates, bad shipping conditions and general European turmoil, are cited as reasons why the outlook for resumption of American trade in tobacco with Europe is a dark one, by G. O. Tuck, who has just returned from Europe, where he has made an extensive survey of the European tobacco market and conditions that exist there, says Friday's Louisville Times.

"Every manufacturer in Europe has plenty of tobacco on hand," Mr. Tuck said. "There are three crops of Java and Sumatra tobacco, held back by the war, now being marketed in Amsterdam."

In Mr. Tuck's opinion there is small prospect for the huge tobacco trade enjoyed by America during the war to be resumed, and as a consequence he predicts a drop in the market prices for the weed in America. High class tobacco of the 1920 crop should sell at good prices, he predicts, but not at as good prices as is brought for the past four or five years.

Sulser Heads Fire Agents

Lexington, Ky., Aug. 28.—The State Fire Insurance Agents' Association concluded its two days convention here Friday with the election of the following officers: President, A. G. Sulser, Maysville; first vice president, W. Amburg, Hickman; second vice president, Jeff Weil, Paducah; fourth vice president, John R. Bullock, Covington; secretary-treasurer, Charles Lang, Louisville, re-elected; legislative committee, E. S. Tachau, Louisville, chairman, and W. B. Scott and D. D. Smith, Frankfort.

Knox Man Dies in New York

Barbourville, Ky., Aug. 28.—A telegram from New York announces the death in that city of Charles Baker, formerly of this place. The body will be brought here for burial. The deceased was a cornetist of note and at one time was with Al G. Fields' minstrels. In later years he entered business, with considerable success, and at the time of his death was an official of the Atlantic Paint Company. A widow survives.

Young Pursival Improving

Mount Pursival, at the Pattie A. Clay Infirmary, shot and seriously wounded some time ago by his brother-in-law, Thomas Alcorn, is recovering and it is believed will soon be able to leave the infirmary. Young Pursival spent some time at the Berea hospital where he was treated.

Bourbon county teachers will hold their institute this week.

HE SHALL NOT PASS

DEGARMO MEETINGS

The series of evangelistic services conducted by Evangelist DeGarmo and Singer Elsey at the Cary Baptist church, and which have been very successful, will close Sunday night. There have been 21 additions to the church. The people both in and out of the churches have been stirred as never before in that part of the city on the question of religion. The evangelist goes from here to Wilmore for his next meeting.

Friday evening the evangelist gave a Bible reading on "Why children are saved when they die before the age of accountability." He showed that man is not condemned because of Adam's sin. Adam's fall gave man his sinful nature, which causes him to sin. Men are condemned for their own sins. The soul that sinneth shall die.—Ez. 18:20. The child is in the state of innocence before it reaches the age where it knows right from wrong. The innocent child has not sinned, therefore, when it dies it goes home to Heaven because the blood of Jesus Christ has offset the Adam's sin. For as in Adam all die, even so in Christ shall all be made alive.—1 Cor. 15:55.

After this reading the preacher spoke on "Moses' Choice," using Hebrews 11:25-26. "By faith Moses when he was come to years refused to be called the son of Pharaoh's daughter, choosing rather to suffer afflictions with the people of God than to enjoy the pleasures of sin for a season. Moses had to make a choice, and men today have to choose whether they will accept Christ or reject Him. To reject Christ as an all-sufficient Savior means to be forever lost."

Mr. Elsey sang "Choose Now" in a very effective way, in spite of a cold which he had contracted. "The Moral Man" will be the subject for Saturday night, Sunday morning at 11 o'clock he will preach on the subject, "The Bought Slave." On Sunday afternoon at 3 o'clock at the court house he will speak on "Breaking the Alabaster Box;" Sunday night at the church, "The Justice of God." This will be the last service of the meeting.

NEW IRVINE CHIEF

J. P. Yarbrough, a former Lexington policeman, has been elected chief of police of Irvine to fill the vacancy caused by the killing of Officer R. G. Philpot. He is said to be a fearless officer, and will have to be if he maintains the splendid record made by Philpot as a terror to bootleggers and other criminals.

William Burgess Returns

William Burgess, jailer of Madison county, who has been at Hot Springs, Ark., for the past six weeks, arrived home Thursday night much improved in health. It was his intention to return home a month ago, but his health continued to improve and he decided to remain another month.

The first tobacco to be cut this season is at Flemingsburg, where the work is said to be well under way in some localities.

For ocean travelers a new suit case can be opened and inflated with air pump with which it is equipped to serve as a life preserver.

DORMITORY WORK IS PROGRESSING

The work of constructing the dormitory for boys at Eastern is progressing in a very satisfactory manner and the structural work will soon be much in evidence. This will add very materially to the accommodations and the furniture which is said to be the modern to be obtained, will arrive and be installed in due time.

The ground for the dormitory for girls is being broken and the excavation work will be under way in a short time. This will be another much needed improvement. The furniture here will be much after the fashion of that of the boys building. The buildings will be modern in every particular. These two structures are but the start of a series of buildings for this and other purposes to be established at the institution within a short time. It is expected the dormitories will be finished in time for use by the arrival of cold weather.

Ball Game at Paint Lick

The Somerset and Paint Lick ball teams are booked for a go Saturday afternoon at Paint Lick and plans have been made for a big time there. The teams are close rivals for honors on the diamond and the games are usually largely attended. If favorable weather prevails, the biggest crowd of the season is looked for. "Big Bill" Tatum will pitch for Paint Lick, which team has planned to give the visitors a drubbing, if possible.

Returns Home Next Week

Business Manager F. C. Gentry of Eastern Normal, who has been spending a fortnight in Indiana and an automobile tour of Kentucky, visiting relatives and friends at Livermore, will return the first of the week and resume his duties at the institution. He was accompanied by Mrs. Gentry and reports from them in the southern part of the state indicate they are having a good time.

CONFIRM REPORTS OF EMPEROR'S FATE

(By Associated Press) London, August 28.—Accounts of Robert Wilton and Francis McCallagh, both newspaper men and independent investigators, seem to dispel all doubt as to former Emperor Nicholas, of Russia, and his family having been assassinated in a basement at their Ekaterinburg home on the night of July 16, 1918. Both talked with natives and soldiers who witnessed the affair through windows, and who say the assassinations were arranged by Yurovski, jailer of the royal family. Yurovski shouted the order to begin the executions and himself shot Nicholas V; the remainder of the party were shot down with revolvers, and later soldiers bayoneted the bodies. After the assassinations Yurovski hastened to Moscow to report the details to Bolshevik Premier Lenin.

COLD CHECK MAN HELD TO GRAND JURY

Charles Williams, colored, who recently distributed a number of checks, after making purchases at various stores in the city, and who was arrested at the instigation of one of the recipients of a check, who said it was "cold," was given a preliminary hearing Friday night in city court and held to the grand jury in the sum of \$300, which he could not furnish, and was remanded to jail. One of the complainants was J. A. Marcum, who found that the check, supposed to have been signed by John Baldwin, was bogus. He appeared against Williams. The latter had little to say. Williams passed from one store to another, presenting checks and carrying a basket. He was garbed as a workman and in this manner is said to have successfully passed a number of the checks before detection.

Hope To Win Methodist Approval With New Step

New York, Aug. 28.—The public has had too much jazz and is turning toward more popular music, said Paul B. Klugh, president of the Music Industries, Chamber of Commerce, in an address before the National Association of Master Dancers last night. He also urged a rigid censorship of words of music, and said suggestive lyrics should be discouraged. A slow, graceful step named the "Wesleyan" was evolved by the dancing masters with the avowed hope that it will receive approval of the Methodist church, the anti-dancing edict of which the convention has deplored each day.

CLOSING NIGHT FOR EXPOSITION

Saturday night the exposition will close the week's engagement for the benefit of the American Legion and one of the banner crowds of the week is expected. It is desired of the officials and others connected with the management of the affairs of the shows, that as many Legion men as possible be in attendance. Plans are on for a big night, since it is the close.

The local post will be much better off as a result of the success of the shows, the patronage during the week being given as very satisfactory. The following will have charge of the various entertainments at the grounds Saturday, the closing night:

Dr. O. F. Hume, chairman, Rufus Winburn, Eugene O'Neil, Tom Baxter, Frank Devore, R. L. Telford, Jr., Fred M. Davison, Oscar Stanifer, Rodes Terrill, Waller West, Franklin Deatherage, Sam Meeks, J. P. Chenuit, Harry Rice, Stone Norman, W. J. Blake, T. J. Douglas, Robert L. Garrett, Eugene Moynahan, Lindsay Blanton, Dr. J. H. Jeffries, H. G. Powell, Elmer Golden, Wolfe Campbell, James Ginter, Joe Ginter, R. W. Long, Jesse Bogie, Alford Williams, Gilbert Wilson, Ollie Mainous, Russell Peyton.

DEATH TOLL NOW 6 WITH ONE INJURED

Bodies of Four Young Men, Victims of Trestle Accident, Shipped Home Saturday

With the death Friday night at 6:30 at the Pattie A. Clay Infirmary of Roscoe McQueen, the death toll as a result of the L. & N. disaster Friday morning at Mullins' tunnel, 30 miles south of Richmond, is six, but one known injured, that being front brakeman Bennett Mullins, who is said to be on the road to recovery. The two hoboes who were occupying a perilous position on the front tender of the ill-fated engine, escaped with slight injuries. They are said to have taken a hand in the work of rescue, apparently unmindful of what injuries they sustained.

The correct list of dead is as follows:

Engineer Charles Crowe, Livingston.
Fireman J. Reynolds, Berea.
Killed on trestle:
Carlo Reed, Antepath, Ky.
Wilson Martin, Antepath, Ky.
Bronston Murrell, same address.

Roscoe McQueen, same address. The bodies of the four young men who went to Flammigan station, north of Richmond, Friday morning and sought employment on the L. & N. section, were shipped Saturday afternoon to Manchester, from which point they will be taken to Hessley, thence to Antepath, they all residing in one neighborhood.

Monday will be given over to the funerals of the victims of the unfortunate accident. The last four young men anxious to procure money with which to finish their education, had sought and gained employment and were en route to the home of J. E. Hacker, foreman of that part of the section, when they met their tragic fate. The latter came to Richmond Saturday morning to look after the bodies. He stated that while he noted the youthfulness of the young men, he said they should be in school. They replied they were going to work to get money with which to finish their studies. All are said to have been industrious, upright young men, and when the news of their untimely death reached Hessley and Antepath, there was great excitement, which soon gave way to mournful sympathy.

It develops that Murrell, who showed the least injury, was the one mentioned in the Daily Register as having jumped from the trestle at the approach of the train. He apparently struck on the back of his head, which was partly crushed in, and this was about the only injury noticeable. He is believed to have cleared the path of the train and to have been killed in striking the ground, 30 feet below. He lived until 6:30 o'clock Friday night, after having been hurried to the local hospital.

McQueen was 18 years old and an orphan. He was the only support of his widowed mother, Mrs. Martha McQueen, who was prostrated upon ascertaining the tragic death of her son.

Wilson Martin, 19, was one struck by the train. His legs were severed at the knees, and seriously cut about the head. The train did not force the body from the track, and it was pulled from beneath the cars, the train having been stopped so suddenly that the length had not passed beyond the bodies. Martin was another orphan and had been making his home at the Baptist institute for the past three years. He is said to have led an exemplary life, and his industrious spirit is what brought him to the railway company for employment.

Carlo Reed is the second man who died on the trestle and beneath the wheels of the cars of the special train of officials of the railroad who had the train dispatched to the scene of the tunnel accident when the second tragedy took place. Carlo Reed was the 19 year old son of Mr. and Mrs. Pleas Reed, and lived in the Antepath district. He longed to finish his education and for this purpose joined his companions in quest of employment.

Bronston Murrell, 19, was the son of Mr. and Mrs. Wiley Murrell, and soon died of his injuries. He was one of the spokesmen of the party when asking for work of Mr. Hacker, and is said to have been well educated for one of his age.

SEWERS STOPPED UP BY MISCREANT

Small Buildings Broken Open and Plugs Effectively Placed Sometime During Night

The small housings built over the manholes in the center of the streets at various crossings to protect traffic during the paving of the streets, were broken open Thursday night and considerable time spent by someone in stopping up the sewers of the city.

The work, which must have been done during the early hours of the morning, is said to have been very complete at the Second and Main and Third and Main street crossings especially. At the former, there were pipes wrapped with heavy paper driven into the sewers in such a manner that much effort was required to remove them. This work surely required much time, according to officials who were soon upon the scene making an investigation Friday morning. The sewer has been causing complaint by many for some time, and it is believed they are stopped up in other localities, and an extensive investigation is being made. The work at the corner of Main and Third streets was also extensive, the plugs having been driven tightly into the sewer pipe, completely stopping them.

Representatives of the street department had their attention called to the ineffectiveness of the sewer, however, they did not suspect the buildings had been molested, and it was a great surprise when the nature of the work was discovered. The police were informed. The latter state they believe the work is that of someone angry at the manner in which the streets have been torn up for such an extended period.

It was through the Daily Register that the correct list of names was procured for the parents at the earliest moment, officials of the railroad having busied themselves with the work of attending the results of the accident.

Coroner Muncy stated Saturday morning owing to the fact that there were a number of witnesses to the death of all four of the young men, there would be no formalities in the way of an inquest, in the strict sense of the word, that he anticipated interrogating officials of the railway regarding the deaths of the men killed on the trestle and this would perhaps conclude this phase of the work.

At an early hour Saturday morning the undertaking establishment of Muncy Bros. represented a morgue in a much greater city. The bodies of the young men having been well prepared, were encased in elegant caskets. All were arranged with the best of care and presented, from the standpoint of an undertaker, an excellent representation of his art. The bodies were sent to the depot shortly before noon where they were loaded on a train shortly after the noon hour and shipped to Manchester, in charge of Mr. Hacker. The latter was sent for the purpose of taking care of the bodies and accompanying them to their respective homes. He stated the funerals would be held Monday, and it would mark one of the most solemn occasions in the history of the little village. The ceremony will be conducted for the quartet at one time, a single service sufficing for all. Arrangements are being made, it is said, in the little gloom-stricken town, to have the bodies buried in one place, although this detail had not been definitely decided upon.

H. M. Hacker, who came for the bodies, is the owner of a saw mill, and one of the foremost citizens of the town of Antepath, which is near Hessley. He was informed of the tragedy and ordered his mill closed, the workmen going to their homes, and he preparing to come to Richmond. He travelled thruout the night, making the necessary connections and arriving as soon as possible.

C. F. Murrell, brother of Bronston Murrell, one of the victims, was informed at Ravenna, where he is employed, of the tragedy, by his father, and dispatched to this city. He will accompany the bodies home in company with Mr. Hacker.

Political Announcements
The Daily Register is authorized to announce the following candidates for office, subject to the action of the Democratic party:
FOR COUNTY JAILER:
SAM HUNTER.

Is There Anything Wrong With the Democracy of Madison?

A rather prominent local republican politician who holds one of the sinecure jobs under the republican state administration which Governor Edwin P. Morrow, while a candidate, promised the people he would abolish, if elected, facetiously and with a knowing air, made the statement the other day that the republican organization in Madison county already has the situation so well in hand that the republican party will have a safe majority of 700 to 1,000 votes in this county before the democrats learn where the voting booths are.

It is true that we are to have a number of new voting places on account of the increase in number of voters brought about by the granting of suffrage to women. However, we are inclined to think that our republican friend puts upon the intelligence of the democracy of old Madison.

We are of the opinion that the same spirit of hopeful enthusiasm that the Cox-Roosevelt campaign has aroused in the nation will also stir old Madison and that every democrat will be on the firing line ready to do what he can or she can to insure victory in Madison county at the November election.

Republican sometimes misunderstand the family quarrels of their democratic neighbors and consequently waste a good deal of time encouraging democrats to dislike and abuse one another. The primary election for this year is over and whatever disappointment some democrats may feel in

failing to get the man of their choice nominated in the primary, it now appears certain that there is a united party in Madison county ready and willing to get on the job and put over a handsome majority for "Jimmy" Cox and the whole democratic ticket. The soldier boys who love a fight, or have a slogan: "Gimme Jimmie."

Our national campaign has the "pep" and has already spread terror in the camp of the enemy. Signs every where begin to indicate that "The heart of America stirs itself." Old Madison must catch the spirit. Get busy democratic men and women. There is nothing wrong with the democracy of this good county.

"Blood Barrier" Thrills While It Entertains

Today's audience at the local theatre was thrilled to the marrow, which means that it was royally entertained, for old and young alike find the appeal in melodrama.

"The Blood Barrier" was the cause of the thrill and Sylvia Breamer, Robert Gordon and an all star cast put it over with a bang. Dr. Cyrus Townsend Brady, who wrote such a well remembered story as "The Island of Regeneration," "The Island of Surprise," "Whom the Gods Destroy," and others, wrote "The Blood Barrier" shortly before his death.

Major Robert Trevor is the victim of a spy plot to recover certain dye formulas lost during the war. He is also the victim of the diabolical jealousy of the husband of a girl he had loved in childhood, but had not seen for many years until the opening of the story. The jealousy of the husband leads up to a scene in which the husband is mysteriously shot. Before he dies he accuses Trevor of killing him. At local theatre tonight.

This is one which will bear close inspection.

Modern and up to date in every particular. The dwelling is built of the very best lumber. Don't fail to look this one over before sale date.

No. 5—ANOTHER SPLENDID DWELLING on Danville street. That handsome home of Jones L. Anderson. Just outside the city limits; all the advantages of the city without town taxes. This is new property, modern and up to date. 10 rooms, bath room, basement, water works, electric lights, hot water heat, 2 halls, concrete porches; servant's house in yard, garage, poultry houses and yards, barn and splendid garden, one acre of land.

No. 6—HOUSE and LOT of Henry Moore, on Crab Orchard street. This is a brand new, up to date, 8 room dwelling, bath room, pantry, 3 porches and splendid enclosed sleeping porch, electric lights, water works, double garage and other out buildings. 85 feet frontage, 200 feet depth. On the South of the street. This is a beautiful place to live and a splendid home. Be sure to examine this one carefully. Here is a bargain for somebody.

No. 7—TWO HOUSES and LOTS for Dr. Printus Walker, both located on Campbell street. One a lot 42x210 feet, with 6 room dwelling, 3 porches, 2 pantries, basement, barn. The other a lot 50x210 feet, 6 room dwelling, hall, 2 porches, barn, meat house. This property is located right up in town, convenient, and no matter what it brings on sale day is bound to increase in value.

We are not attempting to go into complete details in description of these different properties, but we ask you to look them over carefully as the bidders fix the price.

No. 8—HERE IS A GOOD ONE. Modern, and up to date in every particular. Located on one of the most desirable residence streets in Lancaster. On the South side of Richmond street. The property of Mrs. Lula C. Johnson. On a splendid lot, 9 room dwelling, hardwood floors, enclosed concrete porch with cistern in porch, bath room, furnace, front porch, concrete garage, electric lights, and water works, a splendid garden. Mrs. Johnson now lives in Woodford county, and she has directed us to sell this property. It is too good to rent out. Had not Mrs. Johnson moved away this property could not have been purchased at any price. Now somebody else will own it and perhaps at a bargain. Seldom one like this for sale.

No. 9—IF YOU WANT A HOME just out side of the city limits with enough land to make a living and money besides, look over this property of J. W. Speake. 15 1-2 acres, one mile from the city limits on New Danville pike. A brand new 6 room, two story dwelling, 2 porches, cistern, garage, new tobacco barn. 7 acres in grass, balance in cultivation. Good cistern and plenty of stock water. This is first class fertile land. Here is your chance to get a nice home close to town.

All of this property will be sold on easy terms, and for possession on some of it at once or for January 1, 1921, just to suit the purchaser. Terms and particulars as to possession will be announced at the sale. BAND CONCERT throughout the day. This will be the best opportunity of purchasing real estate in Lancaster. For further particulars see W. A. Dickerson or George Swinebroad, who have special charge of showing and describing these different properties.

Weber Wagon Value

At half price would you purchase any automobile in 60-inch track?

At half price could you sell to a farmer any automobile in 60-inch track?

Why mislead a farmer into buying a farm wagon that won't track with the automobile?

What better path could a wagon use than the one made as shown above?

When you purchase a Weber Farm Wagon you get more than just a farm wagon. That fact alone is worth looking into.

Some wagons are sold more for the purpose of making a sale and as large a profit as possible than for giving service.

Some dealers are antagonistic to the Standard Track (the one track for every section of the United States) for farm wagons; the 56-inch auto track (not wide or narrow) because they have not got the agency for the Weber.

Some dealers will talk a farmer into buying a 60-inch old-track farm wagon, but when such a dealer goes into the country on business or pleasure does he use a 60-inch track farm wagon, leaving his automobile at home because the 56-inch track is wrong? NO, he uses 56-inch track to go anywhere and everywhere.

Ask the dealers selling automobiles if they have any trouble selling 56-inch track—if they could sell automobiles in 60-inch track even at half price. The answer will be NO.

What track should your new farm wagon be? The Standard 56-inch track, which is neither wide nor narrow.

Miss Norma Tate, the bright and attractive little daughter of Mr. and Mrs. Elma Tate, in Irvine, gave a classic dance at the Gaines theater Tuesday evening. She shows unusual ability for one so young.—Estill Tribune.

Numerous friends will be delighted to know that Mrs. Cabell Chennault, who submitted to a serious operation at the Gibson hospital this week by Dr. W. M. Gibson, continues to improve, and her early recovery is expected.

Miss Mary Joseph Jones left this week for Jenkins, where she has been engaged to teach this term. Miss Jones is having splendid success in her work, and is well adapted to her chosen profession, and her relatives

TERRIBLY SWOLLEN

suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks."

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture."

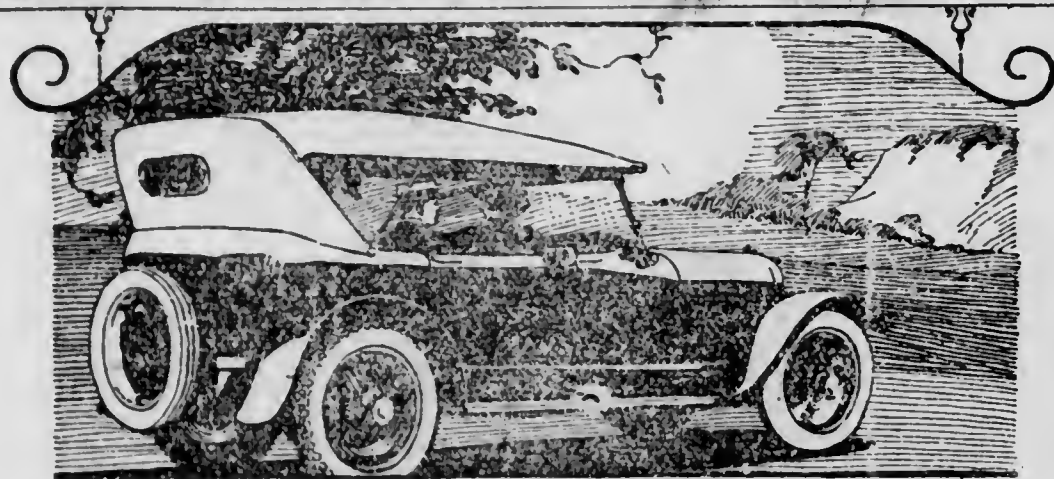

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught."

Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

Total Receipts.....	\$180,507.25
---------------------	--------------

April 1. I find that the treasurer has paid various parties on vouchers signed by the County Judge and the County Sheriff, which vouchers are filed herewith, and made part of this settlement, and makes the total disbursements \$172,890.00

April 1, 1920.	To Balance in the treasury	\$ 7,608.24
----------------	----------------------------------	-------------

	Turnpikes, General Fund	Hond Honds, Bridges	Hond Stinking Fund	Hond Interest Fund	Totals
\$6,344.76	\$102,355.52	\$10,710.49	\$1,098.74	\$180,507.25

\$29,476.27	\$ 34,677.36	\$10,710.49	\$ 5,098.74	\$ 7,608.24	

You will see from the foregoing settlement that there is a balance of \$7,008.24 in the treasury. This gives to each of the different fund a balance to its credit except the Turnpikes, Roads and Bridges, which fund is overdrawn to the amount of \$34,677.36. Now should any of the Court want to know just how much money has been paid into each fund and how much money has been paid out of each fund, I file a slip herein showing this. Also showing the balances in each fund, except the Turnpike, Roads and Bridges fund which shows the amount overdrawn in that one fund, all of which is submitted to the Court for its approval.

W. S. HUNLEY, Commissioner.

NOTICE TO THE PUBLIC

The sewer system of the City of Richmond was accepted a few weeks ago. Before its acceptance it was carefully tested out and found to be in fine working order.

Since that time on at least four different occasions some individual or individuals have deliberately attempted to stop the sewer at different points. If he or they should succeed in obstructing the flow of the sewer it would cause untold damage to the whole system and would also cause the expenditure of a large sum of money, especially if it should become stopped after the asphalt street is laid. No one except a city official or the men now working on the construction of streets, has any right to touch the sewer.

I, therefore, offer a reward of one hundred dollars (\$100.00) for the apprehension of any person caught suspiciously tampering with the sewers, and anyone bringing me definite information will receive the reward.

For the public good, I ask that every law abiding citizen keep a close watch and inform me of any suspicious actions on the part of anyone.

L. P. EVANS, Mayor.

HARDING'S VIEW ON LEAGUE OF NATIONS

(By Associated Press)

Marion, O., Aug. 28.—In a front porch speech to a delegation of Indiana republicans, Senator Harding today pronounced President Wilson's League of Nations a definite and irredeemable failure and proposed a new effort to construct world association on the frame work of which the Hague tribunal is clothed, with such attributes of the League covenant as may be found safe

and practicable. He pledged himself, if elected President, to make an immediate effort with the advice of the ablest men of both political parties to form such an association either by "putting tests" in the Hague court or by revising the covenant, to protect national aspiration.

Detective Wounded In Fight With Miners Today

Charleston, W. Va., Aug. 28.—Major Payne, who is a Baldwin-Feltz detective, was wounded in a fight today between striking miners and mine guards, at the Willis Branch Coal Company mine in Raleigh county. State police are on the scene endeavoring to quell the disturbance.

Says Cox, Who Declares Republican Bosses Have Gone Mad—Ovation In New York

New York, Aug. 28.—Republican efforts to raise presidential campaign funds were declared by Governor Cox here today to be "bold, brazen and foolish."

Cox received a tumultuous welcome on his arrival and then delivered two addresses in which he dealt with the republican campaign funds, the League of Nations, and Americanization. Concerning the charges that the republicans are conspiring to buy the presidency he said, "if it were not that the documents presented came from the very inside republican headquarters, then the country might look with some doubt on the whole thing," and asserted that "the group which has run away with the affairs of the republican party has simply gone mad."

Krock To Help At Headquarters

Louisville, Ky., Aug. 28.—Chairman White, of the Democratic National Committee, has drafted Arthur Krock, editor of the Times in the national campaign. A message said that Krock's services are imperatively needed at headquarters, and the Louisville has arranged a leave of absence until the end of the campaign. He will serve without salary.

Washington, August 28.—Secretary Daniels announced today after his conference with Secretary Colby, the armored cruiser Pittsburgh was ordered to reveal from Danzig to protect American interests.

IRISH RIOTS CONTINUE

Belfast, Ireland, August 28.—Serious rioting occurred this afternoon in West Belfast. The police barracks on the Cullington road were wrecked. The military forces fired into the crowd. Many gunshot victims were admitted to hospitals.

NEXT WEEK'S WEATHER GUESS

Washington, August 28.—The week's weather forecast: Ohio valley, generally fair, except local rains probably Wednesday or Thursday; moderate temperature.

CUT THIS OUT

Special Notice: Dr. Frederick Jacobson says that phosphates are just as essential to any woman who tires easily, is nervous or irritable, worn out or looks haggard and pale, to make a strong, robust, vigorous, healthy body, as they are to make corn, wheat or any vegetable plants grow strong and healthy. The lack of phosphate is the cause of all endemic conditions and the administration of 5-grain Argo-Phosphate Tablets will increase the strength and endurance 500 per cent in a few weeks' time in many instances. Dispensed by Richmond Drug Co.

ATTORNEY SLAYS YOUNG CLUBMAN

Fatal Wounding On Street of Man At Winchester, Sequel To Rumors

(By Associated Press) Winchester, Ky., August 28.—Rodney Haggard, an attorney, who shot and killed Ben Good, a prominent young club man here last night, continued today to maintain silence as to the cause surrounding the shooting.

Winchester, Ky., Aug. 28.—Ben Good, young clubman, was shot and fatally wounded on the street last night by Rodney Haggard, attorney. Jealousy is believed to have been the cause. The shooting followed rumors in circulation here for several days.

The two men met on Main street as Mr. Good started to walk into a confectionery store. Mr. Haggard, according to Virgil Lary, who was with the young clubman, stepped up to Mr. Good, and without uttering a word, knocked him down and then jumped on his back.

When the two men were separated, Mr. Haggard drew a revolver and fired three shots, all taking effect.

"What did you bring him up in my face for?" Mr. Haggard calmly asked Lary.

This was the only statement he was heard to have made. The attorney surrendered to the police and was released under \$1,000 bond, signed by Mayor Serevner and eight other prominent citizens. He refused to talk of the shooting.

Young Good, shot in the month, the chest and the abdomen, died at a hospital at midnight. He made no statement, having been unconscious from the time he was shot.

Mr. Good was a leader in social and fraternal circles of Winchester, and generally spoken of as the most popular young man in the city. He was a salesman in a clothing store and late son of Mrs. W. B. Good, a widow. He was 21 years old.

Mr. Haggard, who is 30 years old, has a wife and one daughter. He is a brother of S. H. Haggard, city attorney.

TENNESSEE HAS SMALLEST GAIN OF ANY STATE NOW

(By Associated Press) Washington, August 28.—Tennessee with a population of 2,337,459, as announced today, has the smallest numerical gain in the last ten years of any decade since 1870, when the growth was the lowest in its history. The numerical increase of this census is 162,670, at a rate of .7 per cent in ten years.

J. M. GOVER'S Splendid 377 Acre FARM

No Better Land in Kentucky---Subdivided

All Live Stock, Farming Implements, Etc.

at Public Auction on Premises

TUESDAY, SEPTEMBER 7th

AT 10:00 A. M.—RAIN OR SHINE.

Located about one mile from Stanford, and one-half mile from the Danville and Stanford pike (Boone Way) and in the Stanford Graded School district. This magnificent estate will be subdivided into two tracts as follows:

TRACT No. 1—Home tract and contains 251 acres of which 115 acres is in clover and timothy meadows, 60 acres in blue grass sod and balance in tobacco and corn. All lays well and tractor can be run over most all of it.

IMPROVEMENTS—Handsome 2-story residence of ten rooms, two halls, three porches, closets in every room except one, city lights and bath room fully equipped, the water works in this home connected with 1,100 barrel concrete tank and large cistern; tenant house of 3 rooms; stock barn 40x60 feet, and 18 feet to eaves; cattle barn 60x80 and 20 feet to eaves; also large mule barn, stock scales, new concrete silo 16x48 feet, and all sorts of outbuildings. Splendid orchard.

Fine water, two cisterns, 1,100 barrel concrete tank (water from this dwelling and barns), three never failing springs, three ponds, two of which were never known to be dry. No finer hemp and tobacco land anywhere. This grand home and fine land is sure to appeal to you.

TRACT No. 2—Contains 126 acres of as fine land as you can find anywhere. 80 acres in alfalfa, clover and timothy meadows and blue grass, balance in tobacco and corn. Lays well and no better land in the state. Fencing A-1. Well watered by cistern, everlasting springs, ponds, etc.

IMPROVEMENTS—Nice 2-story, ten-room residence, two halls, and two porches, good cellar; new four room tenant house and small barn; stock barn at house, about 56x30 and sheds; cattle barn 48x110; immense concrete silo, 46 feet high; four good corn cribs; new stock scales, and all sorts of out buildings; splendid orchard.

This is the right size tract, noted for its fertility, a money maker and dividend producer. Look this one over carefully.

LIVE STOCK—A world of stock: 15 good milk cows and calves; also 25 head black yearling cattle; bunch of cattle; 21 head of horses and mules; 119 head of sheep and 3 bucks; 7 sows and bunch of shoats weighing from 50 to 100 pounds, and a world of other stuff.

FARMING IMPLEMENTS of all kinds, necessary to run a large farm like this such as tractor with all plow attachments, etc., threshing machine and all sorts of other things too numerous to mention.

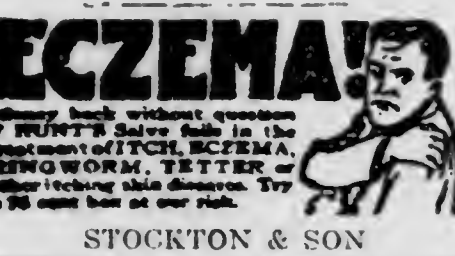

This farm is as rich as cream. Ideally located, the right distance from town and up and selling in tracts to suit. It is seldom in a lifetime that you have an opportunity to buy land like this, in the size farm you want. This will be the Big Sale of the season. It is just such land as this that the buying public is hungry for. We invite the closest inspection for we know the more you look at high grade, high class stuff like this the more you will bid. Join the procession and attend the Big Sale on Thursday, September 7, at 10 a. m. sharp. It will be an all day sale. Dinner on the grounds. We have exceedingly attractive terms on this property. Don't fail to talk to us about terms.
